

## About BM

Birth Manifesta is a black woman-owned small business committed to providing full-spectrum doula support to birthing families. Focused on reducing the black maternal and infant mortality rates in the Nashville community, our holistic model is rooted in generational healing with a focus on mental and emotional wellness before, during, and after pregnancy. Through healing centered (i.e. trauma-informed) education and culturally competent advocacy, Birth Manifesta prioritizes centering the voices and choices of birthing families and protecting the maternal memory of mamas.

Birth Manifesta is excited and honored to deepen their work in the community by raising awareness and expanding partnerships during this year's Black Maternal Health Week campaign founded and led by the Black Mamas Matter Alliance (BMMA). **Black Maternal Health Week takes place every year from April 11 –17 and was officially recognized by the White House on April 13th, 2021.** The month of April is recognized in the United States as National Minority Health Month – a month-long initiative to advance health equity across the country on behalf of all racial and ethnic minorities.

The campaign and activities for Black Maternal Health Week serve to amplify the voices of Black Mamas and center the values and traditions of the reproductive and birth justice movements. Activities during BMHW are rooted in human rights, reproductive justice, and birth justice frameworks.

During the 2021 fiscal year Birth Manifesta awarded grants totaling more than \$20,000 for birth and postpartum doula support, childbirth education, intra and postpartum therapy, birthing supplies, and additional a la carte services. Sponsoring with us in 2022 contributes to expanding our efforts to uphold this year's BMHW22 theme, **“Building for Liberation: Centering Black Mamas, Black Families and Black Systems of Care”** within the Nashville community. **Please support us by choosing a sponsorship level below.**

Yours in Liberation,

*Tanzye M. Hill*
